

Dear Max

Congratulations!

It is with great pleasure that the UniSQ School of Mathematics, Physics and Computing acknowledges your exceptional academic performance with a Grade Point Average (GPA) of 6 or more for your most recent study period [*in Semester 3, 2023*].

This is a great achievement which represents a considerable investment of time, energy, and focus and you should be very proud!

We hope you continue to enjoy success in your studies at UniSQ and I personally look forward to seeing your results in your next study period.

Maximise your experience

Enhance your studies at UniSQ by considering some of these standout opportunities:

- Be heard at all levels of decision making through the Students as Partners initiative.
- Check out our Student Leadership Development opportunities.
- The Ignition Program will support your growth as an entrepreneur and innovator.
- Extend your skills and explore your passions through one of UniSQ's Postgraduate degrees or create world-leading research through a higher degree by research.
- Take your studies to the next level through an overseas experience - there are lots of great scholarships that can assist.

We believe in you and can't wait to see what you do next!

Kind regards

Professor Yan Li

Head of School and Dean

School of Mathematics, Physics and Computing
